1 **SEC. 128. SENSE OF CONGRESS THAT THE NAVY MAKE**
2 **GREATER USE OF NUCLEAR-POWERED PRO-**
3 **PULSION SYSTEMS IN ITS FUTURE FLEET OF**
4 **SURFACE COMBATANTS.**

5 (a) FINDINGS.—Congress makes the following find-
6 ings:

7 (1) Securing and maintaining access to afford-
8 able and plentiful sources of energy is a vital na-
9 tional security interest for the United States.

10 (2) The Nation's dependence upon foreign oil is
11 a threat to national security due to the inherently
12 volatile nature of the global oil market and the polit-
13 ical instability of some of the world's largest oil pro-
14 ducing states.

15 (3) Given the recent increase in the cost of
16 crude oil, which cannot realistically be expected to
17 improve over the long term, other energy sources
18 must be seriously considered.

19 (b) SENSE OF CONGRESS.—In light of the findings
20 in subsection (a), it is the sense of Congress that the Navy
21 should make greater use of alternative technologies, in-
22 cluding nuclear power, as a means of vessel propulsion for
23 its future fleet of surface combatants.

23 includes an additional certification that each of the condi-
24 tions specified in subsection (a) of that section has been
25 satisfied with respect to that contract.

1 (d) NOTICE-AND-WAIT REQUIREMENT.—Upon sub-
2 mission to Congress of a certification referred to in sub-
3 section (c) with respect to a proposed contract under sub-
4 section (a) for the procurement of F-22A aircraft, the

21 (d) SENSE OF CONGRESS ON IMPROVING THE PER-
22 SONNEL SECURITY INVESTIGATIONS PROGRAM.—

23 (1) FINDINGS.—Congress finds the following:

24 (A) Since fiscal year 2000, the General Ac-
25 countability Office has listed the Personnel Se-

1 security Investigations Program of the Depart-
2 ment of Defense as a systemic weakness that
3 affects more than one component of the Depart-
4 ment and may jeopardize the operations of the
5 Department.

6 (B) In 2005, the Government Account-
7 ability Office designated the Personnel Security
8 Investigations Program as a high-risk area be-
9 cause delays by the Program in issuing security
10 clearances can affect national security.

11 (C) In 2005, the Government Account-
12 ability Office found that the Department of De-
13 fense continues to face sizeable security clear-
14 ance backlogs.

15 (D) The Government Accountability Office
16 also reported in 2005 that security clearance
17 delays increase national security risks, delay the
18 start of classified work, hamper employers from
19 hiring the best qualified workers, and increase
20 the cost to the Government of national security-
21 related contracts.

22 (E) These security clearance backlogs and
23 delays continue in 2006, and have brought the
24 security clearance program to a reported stand-
25 still.

1 (2) SENSE OF CONGRESS.—It is the sense of
2 Congress that—

3 (A) the delays and backlogs associated
4 with the Personnel Security Investigations Pro-
5 gram threaten the national security of the
6 United States and key defense industrial assets;
7 and

8 (B) the Secretary of Defense should take
9 such steps as are necessary to eliminate the
10 backlogs of applications for security clearance
11 and the delays associated with the security
12 clearance application process and make sys-
13 temic improvements to the Personnel Security
14 Investigations Program.

6 (a) TRAINING PROGRAM.—

7 (1) REQUIREMENT.—The Under Secretary of
8 Defense for Acquisition, Technology, and Logistics,
9 in consultation with the Defense Acquisition Univer-

19 mencement of system development and
20 demonstration; and

21 (ii) during initial operational test and

23 (D) ensure that requirements for such a
24 program are derived primarily from capability

1 shortfalls in the program identified by a com-
2 mander of a combatant command;

3 (E) ensure that requirements for such a
4 program are informed by a sound analysis of al-
5 ternatives, by realistic technical assessments
6 based on technology readiness levels, and by fis-
7 cal guidance, including consultation with pro-
8 duction engineers on the cost, schedule and
9 technical feasibility of the requirements;

10 (F) ensure that, for the introduction of
11 any changes to requirements for such a pro-

15 stone B approval at the latest, and before Mile-
16 stone B approval to the maximum extent prac-
17 ticable;

18 (G) stress the importance of introducing
19 requirements for such a program that are tech-

3 **TREATMENT AND DISPOSAL OF HYDROLY-**
4 **SATE DERIVED FROM NEUTRALIZATION OF**
5 **VX NERVE GAS AT NEWPORT CHEMICAL**
6 **DEPOT, INDIANA.**

7 (a) REVIEW REQUIRED.—Not later than December
8 1, 2006, the Comptroller General shall submit to Congress
9 a report containing a review of the cost-benefit analysis
10 prepared by the Secretary of the Army entitled “Cost-Ben-
11 efit Analysis of Off-Site Versus On-Site Treatment and
12 Disposal of Newport Caustic Hydrolysate” and dated
13 April 24, 2006.

14 (b) CONTENT OF REVIEW.—In conducting the review
15 under subsection (a), the Comptroller General shall con-
16 sider and assess at a minimum the following matters:

17 (1) The adequacy of the rationale contained in
18 the cost-benefit analysis referred to in subsection (a)
19 in dismissing five of the eight technologies for hy-
20 drolysate treatment directed for consideration on
21 page 116 of the the Report of the Committee on
22 Armed Services of the House of Representatives on
23 H.R. 1815 (House Report 109–89).

24 (2) The rationale for the failure of the Sec-
25 retary of the Army to consider other technical solu-

2 system at the Newport Chemical Depot.

3 (3) The adequacy of the cost-benefit analysis
4 presented for the three technologies considered.

5 (c) DELAY PENDING REPORT.—The Secretary of the
6 Army shall not proceed with any action to transport or

16 **EXPEDITIOUS DISPOSAL OF CHEMICAL**
17 **WEAPONS.**

18 (a) FINDINGS.—Congress makes the following find-
19 ings:

20 (1) The disposal of chemical weapons needs to
21 be accomplished as safely and expeditiously as pos-
22 sible.

23 (2) It is apparent, however, that any disposal
24 method for chemical weapons that involves the

1 transportation of chemical munitions or processed
2 chemical munitions is difficult to implement

3 (b) SENSE OF CONGRESS.—In light of these findings,
4 it is the sense of Congress that, when chemical munitions
5 or processed chemical munitions are proposed for treat-
6 ment or disposal at a location remote from the location
7 where the munitions are stored—

8 (1) the method of actually selecting the disposal
9 location should be free from political interference;
10 and

11 (2) a process like that used for selecting and
12 approving military installations for closure or re-
13 alignment should be considered.

11 **SEC. 1221. EXECUTION OF THE PRESIDENT’S POLICY TO** 12 **MAKE AVAILABLE TO TAIWAN DIESEL ELEC-** 13 **TRIC SUBMARINES.**

14 (a) FINDINGS.—Congress makes the following find-
15 ings:

16 (1) It is the policy of the United States under
17 the Taiwan Relations Act of 1979 to “make avail-
18 able to Taiwan such defense articles and defense
19 services in such quantity as may be necessary to en-
20 able Taiwan to maintain a sufficient self-defense ca-
21 pability”.

22 (2) In April 2001, the President of the United
23 States approved for sale eight diesel electric sub-
24 marines to the Republic of China on Taiwan.

1 (3) The buildup of attack submarines by the
2 People’s Republic of China threatens the stability in
3 the Taiwan Strait and longstanding United States
4 national security interests in the Western Pacific.

5 (4) Taiwan has a legitimate defense need for
6 diesel electric submarines.

7 (5) The sale of diesel electric submarines to
8 Taiwan supports stability in the Taiwan Strait and
9 Western Pacific.

10 (6) The Legislative Yuan of the Republic of
11 China on Taiwan should make every effort to sup-
12 port the President of Taiwan to fund the acquisition
13 of diesel electric submarines from the United States.

14 (7) The sale of diesel electric submarines to
15 Taiwan is beneficial to the health and wellbeing of
16 the United States shipbuilding industrial base and,
17 therefore, United States national security.

18 (b) POLICY OF THE UNITED STATES.—It shall be the
19 policy of the United States to make available to Taiwan
20 plans and options for design work and construction work
21 on future diesel electric submarines under the United
22 States foreign military sales process. The availability of
23 such design work and construction work shall be made in
24 a manner consistent with United States national dislo-
25 sure policy and is subject to the provisions of the Arms

1 Export Control Act (22 U.S.C. 2751 et seq.) and any
2 other export control law of the United States.

3 (c) REPORT.—Not later than 30 days after the date
4 of the enactment of this Act, the Secretary of Defense
5 shall submit to the congressional defense committees a re-
6 port on the present and future efforts of the Department
7 of the Navy to execute the policy of the President to sell
8 diesel electric submarines to the Republic of China on Tai-
9 wan. The report shall include the following:

10 (1) Ongoing activities by the Navy Inter-
11 national Programs Office, in consultation with the
12 Defense Security and Cooperation Agency, to make
13 the Government of Taiwan aware of available For-
14 eign Military Sales options.

15 (2) Future activities planned by the Navy Inter-
16 national Programs Office, in consultation with the
17 Defense Security and Cooperation Agency, to make
18 the Government of Taiwan aware of available For-
19 eign Military Sales options to acquire diesel electric
20 submarines from the United States.

21 (d) DEFINITIONS.—In this section:

22 (1) The term “design work” means the process
23 by which a submarine is designed.

24 (2) The term “construction work” means the
25 process by which a submarine is constructed.

1 (3) The term “activities” means all interactions
2 between the Government of the United States and
3 the Government of Taiwan.

4 **SEC. 1222. HUMANITARIAN SUPPORT FOR IRAQI CHILDREN**
5 **IN URGENT NEED OF MEDICAL CARE.**

6 (a) FINDINGS.—Congress makes the following find-
7 ings:

8 (1) The Secretary of Defense has discretionary
9 authority to permit space-available travel on military
10 aircraft for various reasons, including humanitarian
11 purposes.

12 (2) Recently, 110 Iraqi children journeyed 22
13 hours by bus from Baghdad, Iraq, to Amman, Jor-
14 dan, for urgently needed oral/facial surgery. While
15 traveling, armed insurgents stopped and boarded the
16 children’s bus, raising serious questions about the
17 safety of further travel by ground.

18 (3) Pursuant to the Secretary’s discretionary
19 authority referred to in paragraph (1), the Secretary
20 authorized the Iraqi children to travel on military
21 aircraft for their return trip from Amman to Bagh-
22 dad.

23 (4) The Secretary is to be commended for his
24 initiative in providing for the safe return of these
25 children to Iraq by military aircraft.

1 (b) SENSE OF CONGRESS.—It is the sense of Con-
2 gress that the Secretary of Defense should continue to
3 provide space-available travel on military aircraft for hu-
4 manitarian reasons to Iraqi children who would otherwise
5 have no means available to seek urgently needed medical
6 care such as that provided by a humanitarian organization
7 in Amman, Jordan.

8 (c) FUNDING SUPPORT.—Within the amount pro-
9 vided in section 301 for Operation and Maintenance, De-
10 fense-wide—

11 (1) \$1,000,000 shall be available only for De-
12 partment of Defense support of the Peace Through
13 Health Care Initiative; and

14 (2) the amount provided for Budget Activity 4
15 is reduced by \$1,000,000 due to operational unobli-
16 gated balances.

17 **SEC. 1223. SENSE OF CONGRESS CONCERNING COOPERA-**
18 **TION WITH RUSSIA ON ISSUES PERTAINING**
19 **TO MISSILE DEFENSE.**

20 It is the sense of Congress that—

21 (1) cooperation between the United States and
22 Russia with regard to missile defense is in the inter-
23 est of the United States;

6 or any other provision of law.

9 (1) IN GENERAL.—Subject to paragraphs (2)
10 and (3), in any case in which the Secretary of De-
11 fense determines that it is necessary to do so in the
12 national interest, the Secretary may obligate

22 **TITLE XIV—HOMELAND DE-**
23 **FENSE TECHNOLOGY TRANS-**
24 **FER**

Sec. 1401. Short title.

Sec. 1402. Findings.

Sec. 1403. Creation of Homeland Defense Technology Transfer Consortium.

1 **SEC. 1401. SHORT TITLE.**

2 This title may be cited as the “Homeland Defense
3 Technology Transfer Act of 2006”.

4 **SEC. 1402. FINDINGS.**

5 Congress finds the following:

6 (1) The Federal Government funds billions of
7 dollars for research each year that has the potential
8 to meet the needs of Federal, State, and local first
9 responders, yet examples of successful technology
10 transitions are few and far between.

11 (2) Congress has made repeated efforts to au-
12 thorize the Department of Defense to effectively
13 transfer its technologies to Federal, State, and local
14 first responders. However, while progress has been
15 made in implementing these authorities, this process
16 can be significantly improved.

17 (3) Although the Department of Defense Strat-
18 egy for Homeland Defense and Civil Support calls
19 for active participation in an interagency process
20 that improves interoperability and compatibility with
21 public safety technologies and initiatives, greater
22 participation is needed to ensure that all tech-
23 nologies used by the Department of Defense in their
24 homeland defense mission are interoperable and
25 compatible with standards being developed for public
26 safety technologies.

1 (4) Even when technologies with promise have
2 been identified, additional research and development
3 efforts are needed to adapt these technologies into
4 readily available, affordable products. No program
5 with a sense of urgency to quickly produce results
6 exists to bridge this gap.

7 (5) Tragedies such as Hurricanes Katrina and
8 Rita demonstrate the need for prompt, decisive ac-
9 tion by Congress to solve a problem that has eluded
10 attempts by the Department of Defense to solve.

11 (6) Legislation is needed to codify the process
12 for effectively moving and adapting needed tech-
13 nologies from the Department of Defense to Federal,
14 State, and local first responders so that the lives of
15 the American public and emergency responders are
16 protected to the maximum extent possible.

17 **SEC. 1403. CREATION OF HOMELAND DEFENSE TECH-**
18 **NOLOGY TRANSFER CONSORTIUM.**

19 (a) **AUTHORIZATION OF CONSORTIUM.**—In order to
20 improve the speed and effectiveness of identifying, evalu-
21 ating, deploying, and transferring to Federal, State, and
22 local first responders technology items and equipment in
23 support of homeland security as required by section 1401
24 of the Bob Stump National Defense Authorization Act for
25 Fiscal Year 2003 (Public Law 107–314; 50 U.S.C. 2312

1 note) and work towards interoperability and compatibility
2 of inter-agency homeland defense and security tech-
3 nologies, it is urgent that the technology adaptation and
4 transfer process be consistent within the Department of
5 Defense. Towards that end, the Secretary of Defense, in
6 coordination with the Secretary of Homeland Security, is
7 authorized to create a Homeland Defense–Homeland Se-
8 curity Technology Transfer Consortium.

9 (b) COMPOSITION OF CONSORTIUM.—To contribute
10 to the rapid development and adoption of new technologies
11 needed to ensure the safety of the United States public
12 and the welfare of emergency service providers, the Home-
13 land Defense–Homeland Security Technology Transfer
14 Consortium shall be composed of—

15 (1) organizations and entities working with the
16 Department of Defense;

17 (2) the Department of Homeland Security;

18 (3) Federal, State, and local first responders;

19 and

20 (4) other relevant Federal agencies with estab-
21 lished expertise in identifying, assessing, testing,
22 evaluating, and training emergency response and
23 other public safety entities.

24 (c) AUTHORITIES OF CONSORTIUM.—

1 (1) PROCESS IMPROVEMENTS.—The Homeland
2 Defense–Homeland Security Technology Transfer
3 Consortium shall systematize—

4 (A) the process for the identification, as-
5 sessment, adaptation, and transition of defense
6 technologies that have the potential to enhance
7 public safety and improve homeland security,
8 thereby assisting the Department of Defense in
9 meeting its statutory obligation to identify,
10 evaluate, deploy, and transfer to Federal, State,
11 and local first responders technology items and
12 equipment of homeland security; and

13 (B) the process of coordinating and acting
14 as liaison on behalf of the Department of De-
15 fense and the Department of Homeland Secu-
16 rity with other Federal agencies as appropriate
17 to collect and prioritize Federal, State, and
18 local first responder technology requirements al-
19 ready gathered by those entities.

20 (2) FUNDING RECOMMENDATIONS.—The Con-
21 sortium shall submit recommendations to the Sec-
22 retary of Defense and the Secretary of Homeland
23 Security for funding for the development, adapta-
24 tion, test and evaluation, or other needed activities
25 for any technology identified under paragraph (1)

1 with a high potential to benefit Federal, State, and
2 local first responders.

3 (3) TECHNOLOGY INTEGRATION.—The Consor-
4 tium may assist in the integration of new tech-
5 nologies into appropriate first responder training ex-
6 ercises to maximize their rapid adoption as well as
7 disseminating best practices in the profession.

8 (4) INTEROPERABILITY AND COMPATIBILITY.—
9 The Consortium, under the direction of the Sec-
10 retary of Defense and in coordination with the Sec-
11 retary of Homeland Security, shall act as liaison
12 with relevant Federal agencies, as well as Federal,
13 State, and local first responders where appropriate,
14 to work towards ensuring that technologies used by
15 the Department of Defense in its homeland defense
16 mission are interoperable and compatible with stand-
17 ards being developed for technologies used by Fed-
18 eral, State, and local first responders.

19 (d) ANNUAL REPORT OF THE CONSORTIUM.—The
20 Homeland Defense–Homeland Security Technology
21 Transfer Consortium shall submit to the President and
22 Congress an annual report on its activities. Each report
23 shall include, at a minimum—

24 (1) a listing of specific Department of Defense
25 and related technologies it has identified that appear

1 to meet needs of Federal, State, and local first re-
2 sponders;

3 (2) the results of any tests and evaluations con-
4 ducted on particular technologies, except that no
5 company proprietary information may be disclosed in
6 the report;

7 (3) a listing of any recommendations the Con-
8 sortium has made to the Department of Defense or
9 the Department of Homeland Security that develop-
10 mental, adaptive, test and evaluation, or other fund-
11 ing be provided related to the development and de-
12 ployment of technologies identified by the Consor-
13 tium of particular interest for meeting the needs of
14 emergency response providers;

15 (4) a listing of any technology development ac-
16 tivities undertaken under the authorities of sub-
17 section (c);

18 (5) a listing of any technologies that have been
19 subsequently used by Federal, State, and local first
20 responders as a result of activities of the Consor-
21 tium; and
