

FY	paid	patients
2006	\$255,490	26
2007	\$174,626	12
2008	\$196,570	22
2009	\$296,485	26
2010	\$268,368	19
2011	\$254,903	33

Above summarizes bariatric services to active duty military service members.

This includes US Army, US Navy (for health care, Marines are part of Navy), and US Air Force, for FYs 2006-2011.

This includes bariatric services provided in both military treatment and civilian facilities.

Cosmetic services are not a TRICARE covered service.

Therefore, there are no costs to the Government for cosmetic procedures, such as: breast enhancement or enlargement surgery, cosmetic hair transplant or replacement surgery, or cosmetic botox treatment.
