

APPENDIX M: DETAIL CODES

DETAIL CODE INSTRUCTIONS

The following is the current list of standard codes for the four Appointment Detail Fields. Up to four of these codes may be used for any one appointment slot. MTFs should attempt to keep detail code use to a minimum. Extensive use of detail codes can decrease overall access. Patient Access Types, Age codes, and Gender codes can increase access for pre-defined categories of patients. Detail codes may help clerks search for appointments with specific attributes.

Detail codes may delineate one of the following: procedures, equipment, evaluations, readiness care, education/classes, counseling, care requiring an unusual duration, and temporarily a provider professional category, etc.

Detail codes will not identify the following: diagnosis, place of care, appointment type, provider group, provider specialty, or any standard care that can be rendered in a normal setting.

USE OF DETAIL CODES

1. General Principles

1.1. Detail codes may assist appointing personnel in rapidly identifying and searching for appointment slots with special requirements. The appointment system enables clerks to search by detail code.

1.2. Detail codes are utilized to further define appointment type definitions on templates and schedules. This appendix and Appendix N contain the approved list with definitions of standard detail codes for the Appointment Detail Fields. There are approximately 240 Standard Detail Codes with over 60 that describe procedures.

1.3. Detail codes are descriptors of the following:

1.3.1. Equipment, personnel and/or facility resources needed for the appointment

1.3.2. Patient enrollment status (patient access types) for the category of patient for whom the appointment is designated.

1.3.3. Patient age ranges for which the appointment is designated.

1.3.4. Detail code to web enabled appointment slots

1.3.5. Patient education, counseling classes

1.3.6. Readiness care slots

1.3.7. Specifying the gender of patient for whom the appointment is designated

APPENDIX M: DETAIL CODES

1.3.8. Classification of provider designated for the appointment slot.

1.3.9. Dental care

1.3.10. In addition to the web enabling detail code, other specific detail codes must be used to web enable appointment slots for TOL.

1.3.11. Up to four detail codes may be assigned to any appointment slot. The sequence of these detail codes is irrelevant.

1.4. If standard appointment types, e.g. ROUT, SPEC, adequately define the requirements of an appointment slot, detail codes should not be needed. Any patient may be booked into this appointment slot.

1.5. Use of detail codes is optional. MTF access managers should work with the Clinic Leaders and providers to decide which detail codes, if any, are required on various appointment slots.

1.6. The automatic reconfiguration function can be used to transform un-booked appointment slots by changing/removing detail codes. This allows unrestricted booking of that appointment slot.

2. Guidance on the Use of Age Detail Codes.

2.1. Age detail codes are the only detail codes that may be created by MTFs without approval by the TRICARE Management Activity (TMA) or Service's Headquarters.

2.2. MTFs can tailor appointment slots to allow patients of certain ages into these slots, by adding MTF defined age codes to the detail code field. The appointing and web appointing systems (TOL) automatically permit a patient in the age range defined by the MTF to be booked into that appointment slot. MTFs can use age detail codes to schedule various pediatric, adolescent, or geriatric care for their beneficiaries.

2.3. Age codes must adhere to the following formatting standards and include a time buffer so patients can book early or late:

2.3.1. Correct formats include an age range with a lower and upper limit and a hyphen.

2.3.2. M indicates age in months plus or minus 60 days. Example: 3M-6M represents a patient between 3 and 6 months of age .

2.3.3. D indicates age in days plus or minus 14 days. Example: 3D-21D represents a patient between 3 days and 21 days of age.

APPENDIX M: DETAIL CODES

2.3.4. W indicates age in weeks plus or minus 14 days. Example: 1W-6W represents a patient between 1 and 6 weeks of age.

2.3.5. a number alone indicates age in years plus or minus 30 days. Example: 0-12 represents a patient between 0 and 12 years of age.

2.3.6. a hyphen is the only allowable separator between the upper and lower age range

2.3.7. The low and high numbers are inclusive and the low age precedes the upper age limit.

2.3.8. Sites must add age detail codes to the Detail Code Table so that the system will recognize them.

2.4. Age defined detail codes can be used on appointments in conjunction with TRICARE Online appointing to match patients by age to the correct web based appointments.

2.5. The appointing information system and the web appointing system match the patient's actual age to the age detail code on the appointment slot to automatically permit or deny services to specific ages of patients, e.g. Grandpa, age 80 cannot be booked into a pediatrics appointment slot templated with a 1-18 age detail code.

3. Guidance on the Use of Gender Detail Codes.

3.1. MTFs can use gender detail codes. Patient gender detail codes ensure that the appointing information system matches the correct gender patient to the correct gender detail code on the appointment slot. Gender detail codes are as follows:

3.1.1. FE-Female

3.1.2. MA-Male

3.2. Gender detail codes can be used in conjunction with TRICARE Online appointing to identify correct genders of patients booking web based appointments e.g. appointments with FE will only display to female patients.

3.3. The appointing information system and the web appointing system match the patient's gender status to the gender detail code on the appointment slot and will automatically permit or deny services to a beneficiary with a different gender, e.g. A male patient cannot be booked into a PAP appointment slot templated with a FE detail code.

APPENDIX M: DETAIL CODES

4. Web Enabled (WEA) Detail Codes.

4.1. MTFs will use the WEA detail code to identify all the appointments slots the MTF wants to make available for display and booking via the TRICARE Online (TOL) appointing functionality. For more specific information on setting up TOL appointing see Appendix U.

4.1.1. Appointments without the WEA detail code cannot be displayed to the patient for booking on TOL.

4.1.2. Appointment slots with WEA detail codes are available both to MTF appointing personnel and to TOL users on a first come, first serve basis for booking. The presence of a WEA detail code on an appointment slot does not prevent appointing personnel from booking these appointments through telephone or walk-up requests.

4.1.3 Appointment slots with a WEA detail code plus other detail codes that are not the permitted detail codes (e.g., other than Patient Access Types, Gender Codes, and Age Codes) will not display on TOL for web booking. The system cannot ensure that the patient will be booked appropriately in this case

5. Guidance on the Use of the Provider Book Only (PBO) Detail Code.

5.1. Definition: The PBO detail code is used if an individual provider needs to have control over booking a particular appointment slot. The use of the PBO detail code restricts booking by other members of the clinic, MTF staff, central appointing function staff, and/or within the multi-market office.

5.2. MTFs should develop and publish instructions as needed on the use of the PBO detail code to define appropriate providers, services and patients for appointment slots with PBO detail codes.

5.3 It is strongly recommended that the PBO detail code should be limited to appointment types (PROC, GROUP, SPEC) where provider designation or patient screening protocols need to be completed. It is also strongly recommended that the PBO detail code NOT be used on appointment types designated for urgent, same day, or routine access to care.

6. Guidance on the Use of the Cross Book (CB) Detail Code.

6.1. The CB detail can be used to designate appointment slots in other clinics/primary care team's/group's and/or clinic provider's schedules for patients who are unable to get care with their own provider or group, e.g. patient enrolled to PCM A in Team A is cross booked to a provider in Team B.

6.2. The CB detail code appointment slots can be added to schedules for "floater/fill-in" providers, or regular enrolled PCMs or providers and/or clinic staff to equal the same

APPENDIX M: DETAIL CODES

number of daily slots that would have been made available if a missing provider(s) slots were on the schedule. For example, if the missing provider(s) daily available slots were 25, then 25 CB detail coded slots could be added to "floater" or staff provider's schedules to maintain the same number of slots in the clinic for the cared for population.

7. Detail Code Approval Process

7.1 The following approval process for detail codes is effective immediately.

Step 1. The MTF comes up with a "need" for a new detail code. The MTF defines the circumstance or service for which it is to be used. Detail codes will not be any of the following: diagnosis, place of care, appointment type, provider group, provider specialty, or any standard care that can be rendered in a normal setting. A detail code should be used to define an appointment slot that needs a special room, a specialized piece of equipment, a special skill of a technician or health care professional that makes sure that the right patient gets with the right provider at the right time at the right place. A standard definition for the detail code should accompany the request explaining how the detail code should be used across the MHS. The detail code must fit into one of the following categories: (1) patient access types, (2) procedure or test, (3) evaluation or education, (4) provider classification, and (5) multi-use/miscellaneous.

Step 2. The MTF then forwards its request to the appropriate office as defined by their Service. The service will analyze the need for the new detail code(s), review them against existing detail codes, eliminate duplicates, and refine the definition as necessary, coordinating with the appropriate consultant in their region. The goal of the Access Manager review is to have a commitment to the proposed detail code's necessity and either concur or not concur for its need. If the detail code is not approved, the action stops for the code and the submitting MTF will be notified. If approved, the code will be submitted to TMA for coordination with all Services.

Step 3. TMA will then review with the Services one final time for necessity and duplication and consistency with policy. If all Services and TMA agree on necessity and lack of duplication and adherence to policy, then the Access Manager for the originating Service shall forward the System Change Request (SCR) to the TMA Access to Care Information Manager for appropriate action. Once approved the new detail code will be published in the *MHS Access to Care Guide*. If an issue is identified, the Service Access Manager will consult with the Chief, Medical Officer/Clinical Director of TMA for clarification or further action.

7.2 To ensure continuity, each Service will publish their process to their tenant commands.

APPENDIX M: DETAIL CODES

**** Services will utilize the attached format and refer to sample for Detail Codes Submissions.**

MILITARY HEALTH SYSTEM/INFORMATION MANAGEMENT INSTRUCTIONS FOR COMPLETING THE IM SUBMISSIONS FORM

Purpose: To provide the form and instructions for submitting new requirements or changes to Military Health System (MHS) automated information systems (AISs).

Who Should Use This Form: Any member of the MHS who would like to recommend:

- A change to an existing MHS AIS
- A new capability that a MHS AIS should support.

How To Complete This Form: Refer to the form instructions on the following pages. Please complete as many of the fields as possible.

Where to Send This Form: Once completed, this form may be sent to TRICARE Management Activity, Information Management (IM) Division by email to: IMIT_Reqs@tma.osd.mil.

IM Response: A member of the IM Division will:

- Send you an email confirming receipt of your submission
- Provide you with a submission number.

Questions: Contact IM at IMIT_Reqs@tma.osd.mil

IM Submissions Form Instructions

The following instructions apply to completing the IM Submissions Form. The form can be found on the following page.

- 1. Date:** Enter the date on which you are submitting your recommendation.
- 2. Short Descriptive Title of Change or New Capability:** Enter a one sentence explanation of the MHS AIS change or new capability that you are recommending and its standard use
- 3. Outside Tracking Number (used by Originator, if any):** Enter your tracking number (if any) that may already be associated with your recommendation (e.g., tracking number from a help desk).
- 4. Urgency (High, Medium, Low):** Use the table below to determine the urgency of your request.
- 5. **Justification for High (for High priorities only):** Specific details on how the request meets the criteria as defined in the table below **MUST** be provided to have this request considered as a High Urgency.

APPENDIX M: DETAIL CODES

<i>Urgency</i>	<i>Definition</i>
High (Justification must be provided**)	Jeopardizes patient safety, information security, or accomplishment of a mission essential capability AND NO FEASIBLE WORK-AROUND EXISTS.
	Adversely affects technical, cost, or schedule risks to the project or to the life-cycle support of the system AND NO FEASIBLE WORK-AROUND EXISTS.
Medium	Adversely affects the accomplishment of an operational or mission essential capability; <i>however</i> a feasible work-around solution is known.
	Adversely affects technical, cost, or schedule risks to the project or to life-cycle support of the system; <i>however</i> a feasible work-around solution is known.
Low	Results in user and operational inconvenience or annoyance but does not affect a required operational or mission essential capability.
	Other changes or features considered “nice to have.”

6. Potential System(s) Impacted: Identify Information Systems (MHS, Service or other, if applicable) that may be affected if your recommendation is implemented

7. Description of Change/New Capability: Briefly describe (1 – 4 sentences) the change or new capability that you would like to see implemented.

8. Projected Benefit: Describe the benefit that MHS AIS users will realize should your recommended change or new capability be implemented. What is the impact if this submission is not implemented? Include any references to regulations/guidance upon which this request is based. (*A copy of the exact citation/regulation is required.*)

9. Policy Change/Addition: Identify any change to known policy (TMA, MHS, DoD, other) or if new policy decisions will be necessary to implement this recommendation.

10. Functional Proponent: Identify the key stakeholders for this recommendation.

11. Originator’s Name/Title: Enter your name and title, as the Originator. The originator must be government civilian or military personnel.

12. Originator’s Agency/Address: Enter your organization and its complete mailing address.

13. Originator’s Phone/Fax/Email: Enter your phone (including DSN, if available), Fax number, and Email address

14. External Funding Source: If this change is being funded by a source other than Central MHS, e.g. Services.

15. Existing MHS Requirements Repository Requirement IDs affected by this Submission (if known):

16. Existing MHS Operational Architecture/Health Data Management products affected by this Submission (If available or known, attach copies of products or provide the URL of where these products may be found.)

Sample IM Submissions Form
for:
MHS Automated Information Systems
Changes or New Capabilities

1. Date: Oct 8, 2007

2. Short Descriptive Title of Change or New Capability: Patient Categories (PATCAT)s do not update to match beneficiary status in DEERS, i.e. Active Duty sponsor converts to RET in

APPENDIX M: DETAIL CODES

DEERS and displays as SPONSOR RETIRED. However doesn't update CHCS PATCAT. and by means of accidentally identifying an individual then the families are manually updated?????. Need to also add a new PATCAT to identify those family members that are dependents of RES/NG units so reports that are being requested by the BG can be provided.

3. Outside Tracking Number (if any): MHS TICKET 1116994 OCT 8, 2007

(Help Desk Ticket #, SIR #, SCR #, Requirement Number, etc)

4. Urgency (Select one): High** Medium Low
(See table on instruction page)

5. **Justification for High Urgency: The change is required to provide a more accurate reporting on beneficiaries enrolled to sites for data pulls/DQ and to calculate enrollment to a PCM By Name (PCMBN) by PATCAT available assignment. Causes more time in assigning PCMBN when PATCAT is assumed one thing and is another. A PCMBN can't be assigned till the PATCAT manually corrected. Patient may be sent downtown in error and incur charges.

6. Potential System(s) Impacted: M2, CHCS Enrollment, AdHoc, Cam Rpt

7. Description of Change/New Capability: Cause an impact when running reports to capture accurate number of patients by PATCAT. Causes problems in Enrollment in terms of payment/PITs. These have to be updated as identified manually. Will impact the APS III load when utilizing the patient's demographic information to map to an appropriate booking logic.

8. Projected Benefit: Improve accuracy of reporting.

9. Policy Change/Addition: No known policies this will affect, however will enable better M2, CHCS AdHoc/Cam reporting data.

10. Functional Proponent: CHCS, MCP/PAS

11. Originator's Name/Title: John Smith, Health System Specialist

12. Originator's Agency/Address: Kimbrough Amb Care Ctr, Managed Care Division, Ft Meade, MD 20755-5800

13a. Originator's Phone: 301-677-8481

13b. Originator's Fax: 301-677-8603

13c. Originator's Email: John.Smith@na.amedd.army.mil

14. External Funding Source (if known):

15. Existing MHSRR Requirement IDs affected by this Submission (if known):

APPENDIX M: DETAIL CODES

16. Existing MHS Operational Architecture\Health Data Management products affected by this Submission (If available, attach copies of products or provide the URL of where these products may be found.):

DETAIL CODES WITH DEFINITIONS

ITEM NBR	STANDARD ABBR	DESCRIPTION	DEFINITION	Additional Instructions/ Comments
1	1TT	First Trimester	First Trimester: Reserved for an Obstetrics patient in her first trimester of pregnancy after attending the OB enrollment course; not to be defined by the number of weeks pregnant.	May combine with EDU for education.
2	2TT	Second Trimester	Second Trimester: Reserved for an Obstetrics appointment after the first trimester up to 36 weeks pregnant. For patients who are not considered complicated OB patients.	May combine with EDU for education.
3	3TT	Third Trimester	Third Trimester: Reserved for an Obstetrics patient in her third trimester of pregnancy. Patient may not be scheduled before third trimester (6 - 9 months of the pregnancy). For patients who are not considered complicated OB patients.	May combine with EDU for education.
4	ACG	After Care Group	After Care Group: Reserved for patients who require evaluation and treatment before and after admission to a substance abuse treatment facility. The admission is directed by the military command.	
4a	ACUP	Acupuncture	Acupuncture: Used to identify patients who are seeking acupuncture treatment that requires special equipment and skills.	

APPENDIX M: DETAIL CODES

ITEM NBR	STANDARD ABBR	DESCRIPTION	DEFINITION	Additional Instructions/ Comments
5	AD	Alcohol and Drug	Alcohol and Drug: Used to identify patients who are being seen for an alcohol and/or drug problem. Some counselors do not see patients with chemical dependencies.	
6	ADEI	Alcohol and Drug Early Intervention	Alcohol and Drug Early Intervention: Used to identify patients who are being seen for an alcohol and/or drug problem. Some counselors do not see patients with chemical dependencies. Early intervention appointments take more time than regular follow-up appointments for alcohol and drug patients.	
7	ADHD	Attention Deficit and Hyperactivity Disorder or Attention Deficit Disorder	Attention Deficit & Hyperactivity Disorder or Attention Deficit Disorder: These patients are seen by specific providers within the clinic.	Evaluation
8	ADSC	Alcohol and Drug Screening Only	Alcohol and Drug Screenings only: Reserved for initial screening, evaluation and plan of care development for substance abuse case needing immediate intervention.	Special resources
9	ADTX	Alcohol and Drug Treatment 2 week Program Only	Alcohol and Drug Treatment 2 week Program Only: Must have initial screening by certified counselor prior to attending.	Special resources
10	ANGER	Anger Management Education	Anger Management Education: This is a group appointment and a referral may or may not be required. The appointment is a longer duration and the duration is determined by the individual clinic/provider.	
11	ANPST	Anergy Panel (stick)	Anergy Panel (stick): Used to check for a false positive on a PPD test with a strong reaction. Procedure requires a specific sequence of occurrence.	
12	ANRD	Anergy Panel Reading	Anergy Panel Reading: Should be performed 48 hours after an ANPST (PPD stick). Procedure requires a specific sequence of occurrence.	

APPENDIX M: DETAIL CODES

ITEM NBR	STANDARD ABBR	DESCRIPTION	DEFINITION	Additional Instructions/ Comments
13	AQUA	AQUA Pool	AQUA Pool: Reserved for patients referred by credentialed Physical Therapist for therapeutic rehabilitation in a specialized pool. The number of appointments is limited by time, facility space, and staffing.	
14	ASTHMA	Asthma Evaluation or Education Appointments	Asthma Evaluation or Education Appointments: This appointment is of longer duration for patients who have been identified with a probable diagnosis of asthma.	
15	ASTIG	Treatment of Astigmatism	Treatment of Astigmatism: Optical defect in which refractive power is not uniform in all directions (meridians). Because of the high command interest of laser eye surgery, this specialized patient care service warrants special identification for planning, management and tracking purposes.	
16	AUENT	Audiometric Diagnostic	Audiometric Diagnostic: Procedure requires a specific sequence of occurrence.	
17	BCP	Birth Control	Birth Control: Reserved appointment for birth control instruction which requires more time due to the education component.	
18	BEESN	Bee Sting	Bee sting: Reserved for a specialized, once a month appointment type for all patients presenting with a chief complaint of anaphylaxis: mostly due to bee sting or fire ant allergy (also latex, idiopathic, etc.). Advance preparation based on the number of slots filled is an absolute requirement to alleviate the possibility of wasted bee venom dilutions and the extensive man-hours involved in their preparation.	

APPENDIX M: DETAIL CODES

ITEM NBR	STANDARD ABBR	DESCRIPTION	DEFINITION	Additional Instructions/ Comments
19	BEPC	Birth and Early Parenting Class	Birth and Early Parenting Class: Reserved for a group appointment of longer duration. The beneficiary may self-refer to this appointment. If there are two parents in the family, it is recommended that the parents attend the class together. The class is for beneficiaries with children who are 3 years of age or younger.	
20	BF>	Weight Exceeding Body Fat Standards	Weight exceeding body fat standards: Appointment reserved for active duty personnel who have been identified as having a possible weight problem. It is important that these patients are given appointments as soon as possible; there is a limited amount of time for these personnel to show progress.	
21a	BF	Breast Feeding	Breast Feeding: Appointment reserved for mothers to see a Certified Lactation Consultant on breast or breastfeeding related issues or conditions.	
21	BFC	Breast Feeding Class	Breast Feeding Class: Reserved for a group appointment to educate mothers on the methods of providing milk to a newborn or infant.	
22	BIO	Biopsy	Biopsy: Reserved appointment for obtaining a representative tissue sample for microscopic examination. This procedure requires specific equipment.	
23	BK	Back Pain or Problem	Back Pain or Problem: Reserved for the initial evaluation of patients with a chief complaint of back pain or condition. A referral is required. Evaluation is required prior to implementing treatment or a therapeutic exercise program. Only certain providers see patients with a complaint of back pain or problem.	

APPENDIX M: DETAIL CODES

ITEM NBR	STANDARD ABBR	DESCRIPTION	DEFINITION	Additional Instructions/ Comments
24	BOTOX	Botulinum Toxin Type A Injections	Botulinum Toxin Type A Injections: Appointment of very short duration. Ensures patient will be seen with appropriate clinic personnel available when the procedure is requested.	
25	BPAD	Active Duty Only	Active Duty: Uniformed Services Personnel (regardless of where or whether they are enrolled), guard and reserve on active duty, NATO, and other status of forces agreement active duty members are the only patients permitted to be booked for appointments reserved for this access type. The intent of this type is to allow sites to ensure access for any Active Duty member to the MTF for care that is appropriate for that type of beneficiary.	
26	BPAP	Active Duty and Prime Enrollees	Active Duty and Prime: This category includes Active Duty and Prime patients. Refer to BPAD and BPPR operational definitions for each category.	
27	BPAPS	Active Duty, Prime Enrollees, TRICARE Plus, and Special Programs Patients	Active Duty, Prime, TRICARE Plus, and Special Programs Patients: This category includes Active Duty, Prime, TRICARE Plus, and Special Programs Patients. Refer to BPAD, BPPR, and BPSP operational definitions for each category.	
28	BPGME	Graduate Medical Education	Graduate Medical Education: Any interesting case designated by local directive as reserved for the training of Graduate Medical Education staff. The clinic will usually book appointments for these patients.	

APPENDIX M: DETAIL CODES

ITEM NBR	STANDARD ABBR	DESCRIPTION	DEFINITION	Additional Instructions/ Comments
29	BPNAD	No Active Duty	No Active Duty: Uniformed Services Personnel (regardless of where or whether they are enrolled), Federal Employees Health Benefit Program (FEHBP), guard and reserve on active duty, NATO family members, USFHP enrollees (except by specific authorization), Secretarial Designees, and other status of forces agreement active duty members may not be booked into this slot. Anyone else may be booked into this slot, including TRICARE Standard, TRICARE Extra, and Uniformed Services family members, retirees, retiree family members and TRICARE Senior Prime <i>and</i> TRICARE Plus enrollees. This access type is intended to support the region's need to reserve slots for resource sharing providers whose contracts specify that they may not treat Active Duty.	
30	BPNAP	TRICARE Standard, Space Available, and Other Patients - No AD or Prime	TRICARE Standard, Space Available, and Other Patients - No Active Duty or Prime: TRICARE Standard, TRICARE Extra, Medicare, and other direct care only (Space A) beneficiaries may be booked to these appointments. This access type is primarily designed to reserve appointments for "at risk" patients who are contractor reliant. Secondly, this type also supports the contract revised financing requirement to capture non-enrollees who would otherwise go downtown, i.e. Medicare and Space A.	

APPENDIX M: DETAIL CODES

ITEM NBR	STANDARD ABBR	DESCRIPTION	DEFINITION	Additional Instructions/ Comments
31	BPNPR	No Prime Enrollees	No Prime Enrollees: Non-Active Duty Prime enrollees from the local MTF or remote MTFs, contractor enrollees, TRICARE Senior Prime, and TRICARE Plus may not be booked into this slot. Active Duty may be booked to these appointments. All other beneficiaries, including Medicare patients, TRICARE Standard, NATO, NATO family members, Secretarial Designees, etc. may be booked to these appointments. The intent of this access type is to reserve appointments for Medicare, Space A, and other special needs patients and to support the region's need to reserve slots for resource sharing providers whose contracts specify that they may not treat Prime patients.	
32	BPPR	Prime Enrollees Only, No Active Duty	Prime Enrollees Only; No Active Duty: Family members of Uniformed Services Personnel, retirees, and retiree family members, who are enrolled in TRICARE to any local or remote MTF, are the only patients permitted to be booked for appointments reserved by this access type. This group also includes enrollees with contractor PCMs. This group does not include TRICARE Plus, NATO family members and enrollees to the Uniformed Services Family Health Plan (USFHP), or Federal Employees Health Benefit Plan (FEHBP) except by specific authorization. The intent of this type is to allow sites to ensure access for any Non-Active Duty TRICARE Prime enrollee to care that is appropriate for that type of beneficiary.	

APPENDIX M: DETAIL CODES

ITEM NBR	STANDARD ABBR	DESCRIPTION	DEFINITION	Additional Instructions/ Comments
33	BPSP	Special Programs Patients <i>and TRICARE Plus</i>	Special Programs Patients and TRICARE Plus: Beneficiaries enrolled in special local programs and in TRICARE Plus may be booked to these appointments. This access type is designed to ensure that a site's special program access requirements can be met by appointing.	
34	BPTS	TRICARE Standard Patient Only	TRICARE Standard Patients: Active Duty family members, retirees, and retiree family members who are entitled to CHAMPUS reimbursement for civilian care rendered. This type supports the contract revised financing requirement to capture CHAMPUS non-enrollees who would otherwise go downtown.	
35	BRON	Bronchoscopy	Bronchoscopy: Reserved for fiber-optic examination of the lungs. Procedure requires specialized equipment, trained staff, scheduling of a room, and provider specified timeframe.	
36	BTL	Bilateral Tubal Ligation	Bilateral Tubal Ligation: Reserved as a group appointment for female patients desiring to undergo a bilateral tubal ligation procedure.	Can be used with EDU or other comments that may apply.
36a	CARD	Cardiac Counseling/Care	Cardiac Counseling/Care	
37	CATH	Catheter	Catheter: Removal or insertion of a catheter. Procedure requires specific sequence of occurrence and equipment.	Combine with RMV for removal of Catheter or INS for insertion.

APPENDIX M: DETAIL CODES

ITEM NBR	STANDARD ABBR	DESCRIPTION	DEFINITION	Additional Instructions/ Comments
38	CAVH	24 hour Dialysis Treatment	Continuous Arterio-Venous Hemofiltration: 24 hour hemodialysis treatment. Procedure requires specialized skills and specific equipment.	
38a	CB	Cross Book	This appointment is reserved for a patient who is not empanelled to this PCM. Should be used to restrict the slots that are available to patients that are not empanelled to this PCM. If this code is used, then by default, all other slots are for empaneles only.	
39	CCEP	Comprehensive Clinical Evaluation Program for Persian Gulf Illnesses	Comprehensive Clinical Evaluation Program for Persian Gulf Illnesses: A DoD mandated program reserved for specialized one-time evaluation of veterans of the Persian Gulf War.	
40	CHOL	Cholesterol	Cholesterol: Reserved as a group appointment for patients referred for either hypertension or high cholesterol level counseling.	
41	CIRC	Circumcision	Circumcision: Reserved appointment for the surgical removal of the end of the prepuce of the penis. Procedure requires specialized equipment, trained staff, scheduling of a room and provider specified timeframe.	Can be used with EDU or other comments that may apply
42	CLEFT	Cleft Lip and Palate	Cleft Lip and Palate: Reserved appointment for patients who have a vertical cleft or clefts in the upper lip or congenital fissure in the roof of the mouth. This procedure requires specialized skills and specific equipment.	
42a	CM	<i>Case Management</i>	Case Management: Reserved for an individual appointment to evaluate, counsel, or assist in patient-specific health care needs or coordination of care.	

APPENDIX M: DETAIL CODES

ITEM NBR	STANDARD ABBR	DESCRIPTION	DEFINITION	Additional Instructions/ Comments
43	CMDPSY	Command Directed Psychological Evaluations	Command Directed Psychological Evaluations: Reserved appointment slots required to be set aside in order to meet the access standards of a command-directed psychological evaluation.	
44	CNM	Certified Nurse Midwife	Certified Nurse Midwife: Identifies the professional qualifications of the provider. This is a temporary detail code.	In a future release, will display the provider professional category.
45	COB	Complicated OB Patient Only	Complicated OB Patients Only: Reserved for Obstetrical patients who require management and follow-up with a provider appropriately trained to manage their complex care requirements.	
46	COLON	Colonoscopy	Colonoscopy: Reserved for fiber-optic examination of the colon. Procedure requires specialized equipment, trained staff, scheduling of a room, and provider specified timeframe.	
47	COLPO	Colposcopy, abnormal pap required	Colposcopy, abnormal pap required: Reserved for the examination of vaginal and cervical tissues by means of a colposcope. This procedure requires specialized skills and specific equipment, scheduling of room and provider.	
48	CORSCR	Cornea Scrape/Rescrape	Cornea Scrape/Rescrape: Reserved for patients who require a rescraping of the cornea after post-operative photo refractive keratectomy (PRK). Command interest requires unique identifier for planning, management and tracking purposes.	

APPENDIX M: DETAIL CODES

ITEM NBR	STANDARD ABBR	DESCRIPTION	DEFINITION	Additional Instructions/ Comments
49	COSMETIC	Referrals for Non-Covered Cosmetic Procedures	Referrals for Non-Covered Cosmetic Procedures: Reserved for patients who are referred for a medically necessary or pre-arranged (active duty) plastic surgery procedure. Availability is very limited.	When preceded by "No", restricts appointing of patients who are seeking cosmetic surgery that is not medically necessary or is pre-arranged.
50	COUNS	Counseling Only	Counseling Only: A universal detail code that precedes other STANDARD comments (e.g. BTL, Gene, and Vas). These appointments require coordination of resources, counselors, providers, and information materials to support the needs of the patient and family.	
51	CPAP	Continuous Positive Airway Pressure	Continuous Positive Airway Pressure: Procedure requires specialized skills and specific equipment.	
52	CYSTO	Cystoscopy	Cystoscopy: Reserved for a patient who requires fiber-optic examination of the urinary tract. Procedure requires specialized equipment, trained staff, scheduling of a room, and provider specified timeframe.	
52a	DCONS	Dental Consultation	Dental Consultation: Reserved for a patient who requires a dental consultation.	
52b	DENDO	Endodontics	Endodontics: Reserved for a patient who ...	
52c	DERM	Dermatology Evaluation	Perform evaluation as primary care. Otherwise write a referral.

Procedure requires specialized equipment, trained staff, scheduling of a room, and provider specified timeframe.	
68	EMGM	Nerve Conduction Studies	Nerve Conduction Studies: Reserved for a patient who requires study of nerve function. Procedure requires specialized equipment, trained staff, scheduling of a room, and provider specified timeframe.	
69	ENG	Electronystagmography Testing	Electronystagmography Testing: Reserved for a patient who requires testing for vertigo. Procedure requires specialized equipment, trained staff, scheduling of a room, and provider specified timeframe.	

APPENDIX M: DETAIL CODES

ITEM NBR	STANDARD ABBR	DESCRIPTION	DEFINITION	Additional Instructions/ Comments
70	EP	Auditory Brainstem, Visual, Upper/Lower Somatosensory Evoked Potentials	Auditory Brainstem, Visual, Upper Somatosensory, Lower Somatosensory Evoked Potentials (nerve pathway tests): A series of procedures performed by the Neurology clinic to measure brain activity as to test for seizures. Procedure requires specialized equipment, trained staff, scheduling of a room, and provider specified timeframe.	
70a	ER	Emergency Room Follow-up Appointments	Emergency Room Follow-up Appointments:	
71	ERCP	Endoscopic Retrograde Cholangiopancreatography	Endoscopic Retrograde Cholangiopancreatography: Reserved for a patient who requires fiber-optic or endoscopic examination of gallbladder and pancreas. Procedure requires specialized equipment, trained staff, scheduling of a room, and provider specified timeframe.	
72	EVAL	Evaluation - in depth	Evaluation - in depth: (Evaluation or Assessment): A specialized appointment for an initial evaluation for a patient referred with a chief complaint of neurological, muscular, joint, or skeletal injury or condition. Referrals from all primary care providers and specialty clinics <i>for evaluations</i> . All patients must be evaluated prior to implementation and scheduling of treatment or rehabilitation. All patients will undergo initial evaluations (EVAL) and then are scheduled at an appropriate time in the future for a re-check evaluation (EST appointment).	Combine with other detail codes.

APPENDIX M: DETAIL CODES

ITEM NBR	STANDARD ABBR	DESCRIPTION	DEFINITION	Additional Instructions/ Comments
73	EXERC	Exercise Therapy	Exercise Therapy: Therapy requiring specific equipment.	
74	EYEDZ	Eye Disease	Eye Disease: Utilized for continued follow-up appointments pertaining to disease related to the eye.	
75	EYEEEX	Eye Exam	Eye Exam: Patients can be given an appointment with an optometrist or a technician. These exams are not routinely performed by ophthalmologists.	
76	FAM	Family Therapy or Meeting	Family Therapy or Meetings: Required to distinguish family therapy sessions versus individual therapy sessions.	
77	FCC	Child Care Provider Mental Health Screening	Child Care Provider Mental Health Screening: This is a specialized mental health screening required for all individuals seeking to become certified child care providers. This appointment type is a standard screen for non-patients designed to rule out history or current patterns which would contraindicate becoming a certified child care provider.	
78	FE	Female Patient Only	Female Patient Only: Reserved appointments for female patients only.	
79	FLAP	Flaplift	Flaplift: Reserved for a patient who requires follow-up or treatment after laser-in-situkeratomileusis (LASIK) procedures. Command interest requires unique identifier for planning, management and tracking purposes.	
80	FLEXS	Esophogastoduodeno-scopy/Flexible Sigmoidoscopy	Esophogastoduodendoscopy/Flexible Sigmoidoscopy: Reserved for a specialized appointment in a clinic with multiple procedures. Requires coordination of special equipment, technician, room and provider.	Can be used with EDU or other comments that may apply
81	FLT	Flight Physical Exam	Flight Physical Exam: Reserved for active duty members and other patients who require a medical status to ensure flight worthiness.	

APPENDIX M: DETAIL CODES

ITEM NBR	STANDARD ABBR	DESCRIPTION	DEFINITION	Additional Instructions/ Comments
82	FNA	Fine Needle Aspiration	Fine Needle Aspiration: Reserved for appointment which requires equipment and other necessary preparation.	
83	FOOT	Foot or Ankle Evaluation	Foot or Ankle Evaluation: Reserved for the initial evaluation of patients with a chief complaint of foot or ankle injury or condition. A referral is required. Evaluation is required prior to implementing treatment or a therapeutic exercise program.	
84	GAST	Gastric Bypass Surgery Psychological Evaluation	Gastric Bypass Surgery Psychological Evaluation: This is a specialized appointment for all patients being considered for gastric bypass surgery. It involves psychological evaluation and screening, as well as support group activities for patients both pre- and post-surgery. This specialized patient care service is part of a multi-disciplinary approach and warrants special identification by a separate detail code for planning, management and tracking purposes.	
85	GDB	Gestational Diabetes Patient	Gestational Diabetes Patient: Reserved for OB patients being followed for gestational diabetes.	
85a	GDBL	Good Backlog Appointments	Good Backlog Appointments: Reserved for patients who prefer an appointment on a future day in an Open Access clinic.	
86	GENE	Genetics Consult	Genetics Consult: Reserved for appointment for patients undergoing genetic counseling.	
87	GYN	Gynecology Appointments Only	Gynecology Appointments Only: Ensures the appropriate staff and equipment are available to perform the procedure. This code is to be used only in multi-specialty clinics to identify this type of care, e.g., Family Medicine clinic providing Gynecological care, or Obstetrics/Gynecology.	

APPENDIX M: DETAIL CODES

ITEM NBR	STANDARD ABBR	DESCRIPTION	DEFINITION	Additional Instructions/ Comments
88	HAE	Hearing Aid Evaluation	Hearing Aid Evaluation: Reserved for active duty military and retirees who participate in the retiree at cost hearing aid program (RACHAP). Patients require hearing aid evaluation, maintenance, and/or repair. A unique identifier is required for planning, management and tracking purposes.	
89	HAND	Hand Patient Only	Hand Patients Only: Reserved by the Orthopedic Clinic for patients who require evaluation and/or treatment by a hand surgeon (a subspecialty with limited availability). Conditions must be specific to the hand; general orthopedic conditions may not be booked into this appointment type.	
90	HBT	Hydrogen Breath Test	Hydrogen Breath test: This test is designed to measure the volume of hydrogen absorbed from the colon and expelled in the breath. This is a 4-hour, one-time procedure.	
91	HC	House Calls	House calls: Utilized to schedule appointments for the nursing outcomes staff that make visits at individual homes.	
92	HCATH	Cardiac Catherization	Cardiac Catherization: Procedure by which a catheter is passed through a blood vessel into the chambers of the heart as an aid in the diagnosis of various heart disorders and anomalies. This procedure is carried out under direct visualization with fluoroscopy. A coronary angiogram is usually part of this procedure.	Use with APV appointment type.
93	HCDC	Hearing Conservation Patient	Hearing Conservation patients: Ensures hearing conservation appointments are available for appropriate non-MHS-eligible patients, e.g., post/base civilian personnel.	

APPENDIX M: DETAIL CODES

ITEM NBR	STANDARD ABBR	DESCRIPTION	DEFINITION	Additional Instructions/ Comments

ITEM NBR	STANDARD ABBR	DESCRIPTION	DEFINITION	Additional Instructions/ Comments
174	ST	Exercise Stress Test	Exercise Stress Test: Reserved for a patient who will be asked to exercise on a treadmill while attached to heart monitoring equipment for evaluation of a possible heart condition. Procedure requires specialized equipment, trained staff, scheduling of a room, and provider specified timeframe.	
175	STRESS	Stress Management Education Program	Stress Management Education Program: This is a group appointment and a referral may or may not be required. The appointment is of longer duration and the duration is determined by the clinic/provider.	Combine with other detail codes.
175a	STROKE	Stroke	Stroke: Reserved for patients who require special evaluation by a stroke fellowship doctor who may use special equipment such as a transcranial doppler ultrasound.	
176	TECH	Provider is a Technician	Provider is a Technician: Identifies the professional qualifications of the provider. It is a temporary detail code.	In a future release, will display the provider professional category.
177	TEE	Trans-esophageal Echocardiogram	Trans-esophageal Echocardiogram: Reserved for a patient who is undergoing ultrasound evaluation of the heart walls and internal structures through insertion of an endoscope into the esophagus. Procedure requires specialized equipment, trained staff, scheduling of a room, and provider specified timeframe.	
178	TELMED	Tele-Medicine Conference	Tele-Medicine Conference: Sessions requiring specific equipment and location.	

APPENDIX M: DETAIL CODES

ITEM NBR	STANDARD ABBR	DESCRIPTION	DEFINITION	Additional Instructions/ Comments
179	THAL	Thallium Stress Test	Thallium Stress Test: Reserved for a patient who will be asked to exercise on a treadmill while attached to heart monitoring equipment and while undergoing injection of a radiographic tracing element (Thallium) to evaluate heart function. Procedure requires specialized equipment, trained staff, scheduling of a room, and provider specified timeframe.	
180	TILT	Tilt Test, Test for Syncope	Tilt Test, Test for Syncope: Tilt table/vagal response test, test for syncope. Procedure requires specialized skills and equipment.	
181	TOBCES	Tobacco Cessation	Tobacco Cessation: Counseling/risk factors assessment for tobacco users.	May combine with EDU for education.
181a	TOUR	Hospital Orientation	Hospital Orientation: Reserved for individual or group appointment orienting patient and significant others, e.g. Labor, Delivery, Mother-Baby Unit, Nursery, policies and procedures.	
182	TRACTION	Traction Physical Therapy	Traction Physical Therapy: A specialized treatment appointment for patients prescribed traction after an evaluation by a physical therapist, or a doctor from Orthopedics, Physical Medicine & Rehabilitation, or Neuro-Surgery. Traction treatment is limited to the number of traction tables available at each clinic. Traction is the therapeutic use of manual or mechanical tension created by a pulling force to produce a combination of distraction and gliding to relieve pain and to increase tissue flexibility.

ITEM NBR	STANDARD ABBR	DESCRIPTION	DEFINITION	Additional Instructions/ Comments
183	TRPLT	Transplant	Transplant: Utilized to distinguish established visits by transplant patients. Requires specific providers.	
184	TRUS	Transrectal Ultrasound	Transrectal Ultrasound: Reserved by the Urology Clinic for a patient who is being evaluated for a prostate condition. Procedure requires specialized equipment, trained staff, scheduling of a room, and provider specified timeframe.	
185	URODY	Urodynamics	Urodynamics: Procedure to study the hydrodynamics of the urinary tract. Procedure requires specialized skills and specific equipment.	
186	UROGYN	Urogynecology	Urogynecology: Reserved as initial exam for urology/gynecology patients.	
187	US	Ultrasound	Ultrasound: Procedure requires specialized skills and specific equipment.	Can be combined with EVAL and EDU.
187a	VAERS	Vaccine Adverse Event Reporting	Vaccine Adverse Event Reporting: Reserved for patients treated under the Vaccine Adverse Event Reporting System.	
188	VAS	Vasectomy	Vasectomy: Reserved for patients desiring a vasectomy. This detail code is used to designate GRP appointment slots where these patients must first undergo counseling.	
189	VF	Visual Field Exam	Visual Field Exam: Procedure requires specialized skills, specific equipment and location.	
190	VIP	Very Important Patient	Very Important Patient: Required to reserve slots for the numerous Senators, Governmental Officials and General Officers who frequent the clinics in the National Capital Area.	

APPENDIX M: DETAIL CODES

ITEM NBR	STANDARD ABBR	DESCRIPTION	DEFINITION	Additional Instructions/ Comments
191	VT	Venom Test	Venom Test: Reserved for contacting the patient and or the parent/guardian to inform them of the need to do venom testing and specifying the time of the appointment and special testing date.	
192	WB	Well Baby	Well Baby: Reserved for a routine pediatric appointment used with an age code.	Use in conjunction with an age code.
193	WCE	Work Capacity Evaluation	Work Capacity Evaluation: Appointment to assess a patient's work capacity to evaluate the potential to perform or return to competitive work. Appointment requires specific documentation and time requirements.	
194	WEA	Web and MCP Bookable	Web and MCP Bookable: An appointment that is shared and bookable by WEB appointing and simultaneously by MTF direct care appointing. For sites using the WEA detail code to mark Web appointments, all appointments without the WEA detail code will be excluded from the Web.	Web code
196	WOUND	Wound Care	Wound Care: Appointments must be reserved to accommodate the variable number of patients who require same-day wound care.	

APPENDIX M: DETAIL CODES

The following five tables show the standard detail codes grouped by one of the following detail code categories: (1) patient access types, (2) procedure or test, (3) evaluation or education, (4) provider classification, and (5) multi-use/miscellaneous.

	Patient Access Types
BPAD	Active Duty Only
BPAP	Active Duty and Prime Enrollees
BPAPS	Active Duty, Prime Enrollees, TRICARE Plus, and Special Programs Patients
BPGME	Graduate Medical Education
MC	Medicare Eligible
BPNAD	No Active Duty
BPNAP	TRICARE Standard, Space Available, and Other Patients - No AD or Prime
BPNPR	No Prime Enrollees
BPPR	Prime Enrollees Only, No Active Duty
BPSP	Special Programs Patient and TRICARE Plus
BPTS	TRICARE Standard Patient Only

	Procedure and Test Codes	
ACUP	Acupuncture	
ANPST	Anergy Panel (stick)	
ANRD	Anergy Panel Reading	
ASTIG	Treatment of Astigmatism	
AUENT	Audiometric Diagnostic	
BEESN	Bee Sting	
BIO	Biopsy	
BOTOX	Botulinum Toxin Type A Injections	
BRON	Bronchoscopy	
BTL	Bilateral Tubal Ligation	May use with EDU or other comments that may apply.
CATH	Catheter	Combine with RMV for removal of Catheter or INS for insertion.
CAVH	24 hour Dialysis Treatment	
CIRC	Circumcision	May use with EDU or other comments that may apply
COLON	Colonoscopy	
COLPO	Colposcopy, abnormal pap required	
CORSCR	Cornea Scrape/Rescrape	

APPENDIX M: DETAIL CODES

	Procedure and Test Codes	
COSMETIC	Referrals for Non-Covered Cosmetic Procedures	When preceded by "No", restricts appointing of patients who are seeking cosmetic surgery that is not medically necessary or is pre-arranged.
CPAP	Continuous Positive Airway Pressure	
CYSTO	Cystoscopy	
DENDO	Endodontics	
DEXA	DEXA Bone Scan	
DEXPR	Dental Exam/Prophylactic Cleaning	
DIL	Dilation	
DOMFS	Oral Maxillofacial Surgery	
DOPER	Operative Dentistry	
DORTHO	Orthodontics	
DOSIM	Methocholine & CPEX	
DPEDO	Pediatric Dentistry	
DPERIO	Periodontics	
DPRO	Dental Prophylactic Cleaning	
DPROS	Prosthodontics	
DSGCH	Dressing/Bandage Change	
DTMD	Temporomandibular Disorders	
DXE	Dobutamine Stress Test	
ECG	Electrocardiogram	
ECHO	Echocardiogram	
EEG	Electroencephalography	
EGD	Scope of Esophagus and Lower Stomach	
EMGM	Nerve Conduction Studies	
ENG	Electronystagmography Testing	
EP	Auditory Brainstem, Visual, Upper/Lower Somatosensory Evoked Potentials	
ERCP	Endoscopic Retrograde Cholangiopancreatography	
FLAP	Flaplift	
FLEXS	Esophogastoduodenoscopy/Flexible Sigmoidoscopy	May use with EDU or other comments that may apply
FNA	Fine Needle Aspiration	
HBT	Hydrogen Breath Test	
HCATH	Cardiac Catherization	Use with APV appointment type.
HOLT	Holter Monitor	

APPENDIX M: DETAIL CODES

	Procedure and Test Codes	
HSG	Hysterosalpingogram	
INJECT	Shot only	
INS	Insertions	Combine with other detail codes.
ISOK	Isolinetec Testing	
IUD	Placement of IUD	Combine with RMV for removal of IUD or INS for insertion.
IVP	Intravenous Pyelogram	
LASER	Laser	
LASEYE	Laser Eye Surgery	
LASIK	Laser-in-sitokeratomileusis	
LBX	Liver Biopsy	
LEEP	Loop Electro-surgical Excision Procedure	
LES	Leishmaniasis Treatment	
LP	Lumbar Puncture	
MANO	Manometry	
MANO/PH	Manometry/24 Hr pH Study	
MEDEX	Lumbar Extension Machine, Sports Medicine Only	
MINOR	Excision of Skin Tags, Moles, Warts, or Subcutaneous Nodules	Is an ambulatory procedure visit (APV)
MOHS	MOHS Surgery	
MOVDIS	Movement Disorder	
NPSYC	Neuropsychological Testing Only - No ADHD	
NST	Non Stress Test (fetal monitoring during pregnancy)	
OAE	Newborn Hearing Screening	
PACE	Pacemaker	
PAP	Pap Smear	
PARA	Abdominal Paracentesis	
PEG	Percutaneous Endoscopic Gastrostomy	
PFT	Pulmonary Function Test/Spirometry	
PHOTO	Photos	
PLASMA	Plasma	
PNB	Prostate Needle Biopsy	
POAE	Pediatric Otoacoustic Emission Test	
PPD+	Positive Purified Protein Derivative (PPD) or Other Tuberculosis Test Evals	

APPENDIX M: DETAIL CODES

	Procedure and Test Codes	
PRK	Photo Refractive Keratectomy	
PVR	Post-Void Residual	
RET	Retinal Screening	
RMV	Removals	Combine with other detail codes.
RPG	Retrograde Pylelogram	
RUG	Retrograde Urethrogram	
SCS	Skin Cancer Screening	
SKT	Skin Test	
SPRINT	Sprint Test	
ST	Exercise Stress Test	
STROKE	Stroke	
TEE	Transesophageal Echocardiogram	
THAL	Thallium Stress Test	
TILT	Tilt Test, Test for Syncope	
TRUS	Transrectal Ultrasound	
URODY	Urodynamics	
US	Ultrasound	May be combined with EVAL and EDU.
VAS	Vasectomy	
VF	Visual Field Exam	
VT	Venom Test	

	Education and Evaluation Codes	
ACG	After Care Group	
ADHD	Attention Deficit and Hyperactivity Disorder or Attention Deficit Disorder	Evaluation
ADSC	Alcohol and Drug Screening Only	Special resources
ANGER	Anger Management Education	
ASTHMA	Asthma Evaluation or Education Appointments	
<i>BF</i>	<i>Breast Feeding</i>	Use with EDU. <i>New Oct 2003</i>
BEPC	Birth and Early Parenting Class	
BFC	Breast Feeding Class	
CARD	Cardiac Counseling/Care	
CCEP	Comprehensive Clinical Evaluation Program for Persian Gulf Illnesses	
CLEFT	Cleft Lip and Palate	

APPENDIX M: DETAIL CODES

	Education and Evaluation Codes	
CMDPSY	Command Directed Psychological Evaluations	
COUNS	Counseling Only	
DCONS	Dental Consultation	
DEVAL	Dental Evaluation	
DEXAM	Dental Examination	
DPO	Dental Post-Operative Visit	
DSC	Dental Sick Call	
DVIOL	Domestic Violence Class	
EAR	Ear Recheck	
EDU	Education or Class	Combine with other detail codes.
ER	Emergency Room Follow-Up Appointment	
EVAL	Evaluation - in depth	Combine with other detail codes.
FAM	Family Therapy or Meeting	
FCC	Child Care Provider Mental Health Screening	
FOOT	Foot or Ankle Evaluation	
GAST	Gastric Bypass Surgery Psychological Evaluation	
HAE	Hearing Aid Evaluation	
HAND	Hand Patient Only	
HEAD	Headache Education	
IMDEF	Immunodeficiency	Combine with other detail codes.
KNEE	Knee School for Patient with Knee Pain	May combine with EDU for education.
LIFE	Life Skills Group	
MEB	Evaluation Board Physical Exam	
NBO	Newborn Physical Only (3-7 days after discharge)	
NPCL	New Prenatal Class	
NUTR	Nutrition Education	
OSS	Overseas Screening	
PARENT	Parenting Class	
PE	Physical Exam	
PHA	Preventive Health Assessment	
POP	Post Operative Follow-up	
PRT	Physical Readiness Test Screens	
PVA	Psychological Vocational Assessment	
RP1	Research Protocol 1	
RP2	Research Protocol 2	
RP3	Research Protocol 3	

APPENDIX M: DETAIL CODES

	Education and Evaluation Codes	
RP4	Research Protocol 4	
RP5	Research Protocol 5	
RP6	Research Protocol 6	
RP7	Research Protocol 7	
RP8	Research Protocol 8	
RP9	Research Protocol 9	
RP10	Research Protocol 10	
RTM	Rehabilitation Team Meeting	
RX	Medication	
SCH	School Physical	
SCOLI	Scoliosis	
SEA	Sea Duty Screening	
SLEEP	Sleep	
SPD	Special Duty Evaluation	
SPE	Separation or Retirement Physical Exam	
STRESS	Stress Management Education Program	Combine with other detail codes.
TOBCES	Tobacco Cessation	May combine with EDU for education.
TOUR	Hospital Orientation	
VAERS	Vaccine Adverse Event Reporting	
WCE	Work Capacity Evaluation	

	Provider Classification Codes (temporary)	
CNM	Certified Nurse Midwife	In a future release, will display the HIPAA provider professional category.
IDC	Independent Duty Corpsman	In a future release, will display the HIPAA provider professional category.
NP	Nurse Practitioner	In a future release, will display the HIPAA provider professional category.
PA	Physician's Assistant	In a future release, will display the HIPAA provider professional category.
TECH	Provider is a Technician	In a future release, will display the HIPAA provider professional category.

APPENDIX M: DETAIL CODES

	Multi-Use/Miscellaneous	
1TT	First Trimester	May combine with EDU for education.
2TT	Second Trimester	May combine with EDU for education.
3TT	Third Trimester	May combine with EDU for education.
AD	Alcohol and Drug	May combine with EDU for education.
ADEI	Alcohol and Drug Early Intervention	
ADTX	Alcohol and Drug Treatment 2 week Program Only	Special resources
AQUA	AQUA Pool	
BCP	Birth Control	
BF>	Weight Exceeding Body Fat Standards	
BK	Back Pain or Problem	
CB	Cross Book	Reserve appointments for patients not enrolled to this MTF.
CHOL	Cholesterol	
CM	Case Management	
COB	Complicated OB Patient Only	
DERM	Dermatology	Perform as primary care or specialty care in a multi-specialty clinic.
DM	Diabetes	
E&I	Female Endocrine and Infertility Patient Only	
EFMP	Exceptional Family Member Program	May use with EDU or other comments that apply
EXERC	Exercise Therapy	
EYEDZ	Eye Disease	
EYEEX	Eye Exam	
FE	Female Patient Only	
FLT	Flight Physical Exam	
GDB	Gestational Diabetes Patient	
GDBL	Good Backlog Appointments	
GENE	Genetics Consult	
GYN	Gynecology Appointments Only	
HC	House Calls	
HCDC	Hearing Conservation Patient	
HTN	Hypertension Patient	
INF	Infant Care	

APPENDIX M: DETAIL CODES

	Multi-Use/Miscellaneous	
MA	Male Patient Only	
MH	Mental Health	Perform as primary care or specialty care in a multi-specialty clinic.
MOBEX	Mobilization Intervention & Exercise Therapy, Sports Medicine Only	
NECK	Neck Patient	
NO	Universal Exclusion - used in front of other detail codes	Combine with other detail codes. "No" should precede each detail code to be excluded.
NOPAP	Gynecology Appointment Only, No Paps	
OB	Pregnancy or Obstetrics	
ONC	Cancer Patient or Treatment Only	May be combined with EVAL and EDU.
ORTHO	Orthopedics	
PBO	Provider Book Only	
PDS	Pathfinding/Drill Sergeant Test	Candidate for cancellation
PP	Post-Partum Patient Only	
PRENAT	Prenatal	
PREOP	Check-in for Surgery / Pre-operation Rounds	
PULM	Pulmonary Patient Only	
REHAB	Rehabilitation Therapy	
RPD	Readiness Post Deployment	Readiness
RPRE	Readiness Pre-Deployment Health	Readiness
TELMED	Tele-Medicine Conference	
TRACTION	Traction Physical Therapy	
TRPLT	Transplant	
UROGYN	Urogynecology	
VIP	Very Important Patient	
WB	Well Baby	Use with an age code.
WEA	Web and MCP Bookable	Web code for online appointing
WOUND	Wound Care	

APPENDIX M: DETAIL CODES
