

TRICARE

Guiding the Claims Process

Timely payment of health care claims is important. If you must file a TRICARE claim, follow the rules and instructions determined by your regional contractor to ensure payment. This flyer provides an overview to assist you in the claims-filing process.

In most cases, a TRICARE network provider will file your medical claim, TRICARE will pay its portion, and your explanation of benefits (EOB) will detail what was paid. In certain circumstances, (e.g., when seeing a non-network provider or getting care overseas or outside of your region), you may need to pay the provider at the time of service and file your own claims. To file a claim, you must use a DD Form 2642 *Patient's Request for Medical Payment*. This form is available at www.tricare.mil or your regional contractor's Web site. You may also obtain a copy at a TRICARE Service Center or military treatment facility. Fill out the form completely and sign it. Also, attach a readable copy of the provider's itemized bill to the claim form. Check these documents to make sure the following information is included with the claim:

- Patient's name
- Sponsor's Social Security number (SSN) (*Eligible former spouses should use their SSN.*)
- Provider's name and address (*If more than one provider's name is on the bill, circle the name of the person who treated you.*)
- Date and place of each service
- Description of each service or supply furnished
- Charge for each service
- Diagnosis (*If the diagnosis is not on the bill, be sure to complete block 8a on the form.*)

Send all claims, except TRICARE For Life (TFL) claims, to the address of your regional contractor found in the *For Information and Assistance* section of this flyer.

TRICARE For Life Claims

Wisconsin Physicians Service (WPS) is the claims processor for all TFL claims for care received in the United States and its territories, including Puerto Rico, the U.S. Virgin Islands, and Guam, where Medicare is available. Your provider will file a claim with Medicare first. Medicare processes the claim, pays its portion, and, if there is no other insurance, forwards the claim to WPS for payment of the remaining amount. EOBs received from Medicare and TRICARE will detail what was paid.

For care rendered outside the United States and its territories, claims will follow TRICARE Standard cost-sharing provisions, because Medicare will not pay for care rendered overseas. In this case, TRICARE is the primary payer. Send overseas TFL claims to the WPS address for your overseas area as listed in the *For Information and Assistance* section.

TRICARE Overseas Claims

WPS is the claims processor for all claims (*including TRICARE Reserve Select*) in the three overseas areas: Europe, Latin America and Canada (TLAC), and Pacific. **Note:** Claims for active duty service members with Puerto Rico addresses should be forwarded to the Humana Military Healthcare Services, Inc., claims address. See the *For Information and Assistance* section for contact information.

If you live in the United States and receive care overseas, submit your claim to your stateside regional contractor. You may be required to pay up front for services and file a claim for reimbursement with your regional contractor when you return to your stateside region.

Coordinating Claims with Other Health Insurance (OHI)

If you have OHI, you must follow all rules of that plan, including its referral and authorization requirements (*TRICARE authorization requirements also apply for certain services.*). All OHI coverage (*whether public, private sector, or governmental program*) is considered your primary insurance. You or your provider must file health care claims with your primary health insurance **before** you file with TRICARE. After your OHI determines the amount it will pay, you should submit a copy of your OHI's payment determination (*i.e., EOB*) and a copy of the itemized bill with your TRICARE claim. Remember to provide your current OHI information to your TRICARE regional contractor. **Note:** National health insurance programs overseas are considered OHI. If you are enrolled in such programs, seek guidance from an overseas TRICARE Service Center (TSC) before obtaining health care from a host nation provider.

If your OHI provides pharmacy coverage, TRICARE becomes the secondary payer. For supplemental insurance covering out-of-pocket expenses, you may need to file a separate claim with that carrier. **Note:** If you are injured in an accident caused by another party, contact your regional contractor for the appropriate form and assistance. For additional OHI information, you may also refer to the handbook for your TRICARE program, which is available from your regional contractor.

Appealing a Claim or Authorization Denial

TRICARE has a multi-level appeals process to address claim and authorization denials. You may appeal the denial of a requested authorization of services, as well as TRICARE decisions regarding the payment of claims. Submit appeals to your regional contractor. For more detailed information or assistance with the appeal process, visit www.tricare.mil/claims or contact your regional contractor.

For Information and Assistance

All necessary forms are available on your regional contractor's Web site or from your TSC.

An Important Note about TRICARE Program Information

At the time of printing, this information is current. It is important to remember that TRICARE policies and benefits are governed by public law. Changes to TRICARE programs are continually made as public law is amended. **Military treatment facility guidelines and policies may be different than those outlined in this product.** For the most recent information, contact your TRICARE regional contractor, TRICARE Service Center, or local military treatment facility.
